

To whom it may concern

REFERENCE LETTER

BMCC Ltd was assigned by HMC Ltd with the development of fabrication drawings and details' design of steel structures. The more significant ones are:

"NEW PRODUCTION PLANT FOR PASTA AND CONFECTIONERY FOR FICOSOTA FOOD LTD IN SHUMEN"

"INSTALLATION FOR PRODUCTION, PACKAGING AND STORAGE OF SODIUM BICARBONATE"

The projects has been carried out in a very professional way. The BIM technologies used in the design ensured fast, accurate and precise manufacturing and installation of the steel structures.

Thanks to BMCC Ltd we have the opportunity to start cutting and assembling the elements, without drawings available, with the help of the provided NC files and our machine Kaltenbach KC1201 / KDM1015.

With the help of BMCC's team we have managed to increase significant our productivity due to the usage of BIM technology and precise timing of each phase.

The projects of BMCC Ltd in the field of steel structures are characterized by detailed work, precision in these details and completeness of the paperwork. They also allow quality of the projects solution.

We believe that BMCC Ltd is a leader in the design of steel structures. We recommend BMCC Ltd as a reliable partner in the field of design.
